

Talk-to-Me
Telephone

Battery Replacement Instructions

- a) Locate the battery compartment door on the bottom of the telephone base.
- b) Loosen the screw in the battery compartment door with a Phillips screwdriver.
- c) Remove the battery compartment door. Remove old batteries and dispose of safely.
- d) Insert 2 "AA" size alkaline batteries as indicated on the diagram inside the battery compartment.
- e) Replace the battery compartment door and tighten the screw. Do not over-tighten.
- f) When the sound from this toy becomes faint or stops, it's time for an adult to replace the batteries.
